PAPATYA
by Meet n Greet

IMPORTANT _BELANGRIJK_IMPORTANT

Dear client,

The war in Ukraine and the global sanctions against Russia are having a huge impact on fuel and raw material prices. Since it is no longer possible to import raw materials from these countries, there is an enormous scarcity in these markets, with the necessary price implications as a result.

Of course we do everything to limit the effect of this on our prices. Because of the daily price fluctuations, Papatya can only set prices for a limited period of time.

The prices mentioned in this price list are **valid until 18/06/2022** and replace all previous price lists.

Beste klant,

De oorlog in Oekraïne en de wereldwijde sancties tegen Rusland hebben een enorme impact op de brandstof- en grondstofprijzen. Aangezien het importeren van grondstoffen uit deze landen niet langer mogelijk is, heerst er een enorme schaarste op deze markten met de nodige prijsimplicaties tot gevolg.

Uiteraard doen we al het nodige om het effect daarvan op onze prijzen te beperken. Omwille van de dagelijkse prijsschommelingen bevestigt Papatya prijzen voor een beperkte duur.

De prijzen vermeld in deze prijslijst zijn **geldig tem 18/06/2022** en vervangen alle vorige prijslijsten.

Cher client,

La guerre en Ukraine et les sanctions mondiales contre la Russie ont un impact énorme sur les prix du carburant et des matières premières. Puisqu'il n'est plus possible d'importer des matières premières de ces pays, il y a une pénurie énorme sur ces marchés avec les conséquences nécessaires sur les prix.

Bien entendu, nous mettons tout en œuvre pour en limiter l'effet sur nos prix. Compte tenu des fluctuations quotidiennes des prix, Papatya confirme des prix pour un temps limité.

Les prix mentionnés dans ce document sont **valables jusqu'au 18/06/2022** et remplacent toutes les listes de prix précédentes.
